RENEWED CARS

BUICK SEDAN, 1920

Here is the best-looking renewed car in town. It is a good all-season car and can be enjoyed to the fullest extent at this season of the year. The previous owner of this car has given it exceptionally good care. It is in fine shape mechanically, has good tires and runs like a new car.

BUICK TOURING, 1921

This is a late model in the best of condition and could readily be mistaken for a new car. It is equipped with a set of new Cord Tires, Alemite greasing system and other equipment known to the latest model. Let us show you how you can own this good-looking car at a great saving.

BUICK TOURING, 1920

Have you seen any of our "Special Renewed Cars"? At present we have two in this model, one is a good-looking Maroon job, the other is refinished in a nice shade of green. Both of these cars have been renewed mechanically and can be compared to the best looking car on the road.
